CERTIFICATE PROGRAMS

Certificate programs contain fewer semester credits than degree programs and certify students in a particular employment area. Credits earned through a certificate program may be applied to an associate degree in a related field or in general education. The certificate program shall consist of 30-36 semester hours, which includes general education courses of 6 semester credit hours or the equivalent.

Certificate

Business Paraprofessional Management

Computer Security

Human Services

PROFESSIONAL SERIES PROGRAMS

The Professional Series are groups of selected courses in related subject areas which provide students with entry-level skills for specific jobs. Each series can be taken on a part-time basis, with many courses being offered online. Students can complete many of the series in less than a year; others have certain sequence courses, which may take longer. Students begin and end a series at their own pace. Upon completion of a series, students receive a letter of recognition from the College. All credits earned may be applied toward an associate degree in one of Atlantic Cape's degree programs.

Professional Series Programs

CONTINUING EDUCATION

Atlantic Cape Community College provides a wide range of educational and training programs to meet the needs of individuals and businesses in the Atlantic/Cape May region. For those new to the workforce or looking to enhance personal skills, Atlantic Cape provides learning opportunities to students at many sites throughout the two counties. Partnerships with local business and industry ensure that both the companies' need for skilled workers and the individual's need to increase skills are met. Continuing education programs and collaborations include:

Career Training Certificate Programs

Career Training Certificate Programs prepare students for entry-level positions in a variety of demand occupations. Career Training Programs are designed to help one obtain the skills and accreditations necessary to begin a new career or change careers in a few months. Experienced teachers utilizing modern, state-of-the-art equipment provide students with a well-rounded curriculum designed to successfully obtain employment. Upon successful completion, college credit is awarded for most Career Training Programs.

Career Training Programs

- Computer Technical Solutions Series
- A+ Certification
- Net+ Certification
- Network Administration
- Microsoft Office 2007 with Quickbooks
- Microsoft Certified IT Professionals (MCITP)
- CISCO Certified Network Assistant
- Web Design Professional
- Bookkeeping with Computer Applications
- Office Technology Specialist
- Culinary Arts Program
- Geospatial Certification

Atlantic Cape Community College is a Microsoft IT and Cisco Academy. Affiliation with both academies enables learning institutions to connect the world of education to the world of work by enabling faculty and students to acquire new technology skills in an academic setting. Cutting-edge curriculum and cutting-edge software tools provide students with experience in real-world challenges in the classroom environment.

Casino Career Institute

The Casino Career Institute (CCI), located in the Worthington Atlantic City Campus at 1535 Bacharach Boulevard in Atlantic City, provides services to the people and gaming industry of Atlantic

County. It has been approved by the NJ Department of Higher Education and licensed by the NJ Casino Control Commission.

More than thirty years ago, Atlantic Cape Community College founded CCI in response to the advent of gaming in the state of New Jersey. This resulted in CCI becoming the first gaming school in the nation affiliated with a fully accredited community college. Since that time, CCI has prepared more than 50,000 people for positions in slot technology, surveillance, security, and table games and created successful customized training programs for incumbent workers in the industry.

CCI graduates are recognized and employed around the world at all levels in the industry. Our instructors are recognized experts in the field and provide leading edge training supported by a high-quality and effective curriculum. CCI works closely with professionals in the industry to craft customized training and consulting services to meet employer and worker needs. CCI has become a recognized educational leader that has developed formal partnerships with other educational institutions and government agencies around the world.

Institute for Service Excellence

In March 2007, the Institute for Service Excellence opened as an Atlantic Cape partnership with the New Jersey Department of Labor and Workforce Development, the Atlantic Cape May Workforce Investment Board (WIB), the National Retail Federation, the Casino Reinvestment Development Authority, and Kravco-Simon Development Company. The Institute for Service Excellence (ISE) provides retail, tourism, hospitality, and other service industry employers with access to training programs that focus on the challenges of attracting and retaining a diverse and talented workforce. The Institute works closely with area employers for job placement services. The Institute is located at 4403 Black Horse Pike on the second floor in the Hamilton Mall and trains workers for the high-growth hospitality and emerging retail industries. The Institute includes two classrooms, a computer lab, conference room, resource room and offices. The Institute provides ESL and retail, sales and service training to unemployed and underemployed individuals and workers seeking to advance their skills. The Institute is a licensed testing site for the National Certification in Customer Service.

Adult Basic Skills/Literacy

The program delivers educational services for adults who lack the basic skills necessary for literate functioning, productive employment, effective parenting and citizenship in Atlantic and Cape May counties. Courses include Adult Basic Education, GED Preparation and English as a Second Language integrated with Civics Education.

Health Professions Institute Facility (HPI)

HPI opened in 2008 and occupies approximately 5,600 square feet of the more than 9,000 square feet of renovations on the first floor of the Worthington Atlantic City Campus. The Institute includes a science lab, lecture classrooms and a computer center. Students receive comprehensive allied and auxiliary health training for a number of health care careers, such as Surgical Technician,

Certified Nurse Aide, Medical Terminology, Phlebotomy, Clinical Medical Assistant and Medical Administrative Office Specialist.

The Institute was funded by a \$1.2 million capital grant from the U.S. Department of Commerce and \$1.8 million in state and Atlantic County funds, plus approximately \$350,000 from the Casino Reinvestment Development Authority for the A & E expenses. The project also was backed by the Atlantic Cape May WIB Healthcare Partnerships and executives in the health care industry.

The creation of the Health Professions Institute came in response to the growing demand for skilled health care workers in the region. By 2010, there were expected to be health care jobs created in New Jersey, according to the NJ Department of Labor and Workforce Development. Nearly 10 percent of all workers in Atlantic and Cape May counties will be employed in the health care sector. The Health Professions Institute improves opportunities for individuals to acquire skills for these demand occupations with high wage potential, benefits and career mobility. The programs prepare students for the necessary certification exams and/or entry-level positions in their selected field as well as articulated credit in Atlantic Cape health programs.

Training Services for Business

Atlantic Cape's Office of Corporate Training delivers training programs and targeted consulting to businesses and organizations in Atlantic and Cape May counties, and helps employers meet the demands of an increasingly challenging and competitive market. Any professional development course or computer workshop offered by Atlantic Cape can be customized to an organization's specifications. The Office of Corporate Training also provides comprehensive needs assessments and assistance with customized training applications to the NJ Department of Labor and Workforce Development.

Professional Development and Personal Enrichment

Atlantic Cape provides courses to meet the educational training and personal and professional development needs of Atlantic and Cape May county residents. Community education programs offer a wide range of workshops and seminars to help professionals enhance their skills or learn new ones. Personal enrichment classes are offered; from learning the latest dance moves to buying a computer or mastering the newest software applications. Classes are offered evenings and weekends at all three college sites and at various locations throughout Atlantic and Cape May counties.

- Club 60 Plus offers topical workshops and seminars designed to enhance the personal, professional and social lives of senior citizens living in Atlantic and Cape May counties. The college conducts workshops at convenient locations throughout the region where participants enjoy quality instruction and state of the art facilities.
- The Green Education Institute provides education and training to realtors, contractors, construction workers, architects, electricians, designers, builders, municipal officials and those who seek an understanding of green building principles, methodologies and sustainability for professional or personal interest.

Tech Prep Program

The Tech Prep program is designed to provide students continuity of learning and educational opportunities. It combines secondary and post-secondary education programs, through a formal articulation agreement, providing a program of studies leading to an associate degree. In addition, it focuses on the design of a strong academic and technical secondary program preparing high school students to continue their education at a two-year college. The procedure to be followed and the criteria for eligibility have been established and agreed upon by the participating schools.

The Atlantic Cape policy requires that high school students complete assigned course work at a designated mastery level. The courses will be applied to the specific degree program in which they were articulated. The credits are applied to the student's transcript immediately upon matriculation to the degree program. Programs in which courses have been articulated are: Accounting, Allied Health, Child Development/Child Care, Computer Information Systems, Criminal Justice, Culinary Arts, Hospitality Management and Office Systems Technology.
